

Parasimi

Dear God,
We pray for people who are sad, ill, have died or
worried, lonely and ~~as~~ need hope. Thank you for the
hope, and ecstatic joy that Jesus gives us through his
resurrection. Help us not to keep that hope only for
ourselves. Let us show people encouragement, friendship
or kindness. May we bring hope to our families, our school and
everyone we meet, just as Jesus brought disciples.
Please be especially close to them when they feel lonely
or missing that person very much.
Amen

Dear God,

We pray for people who are worried about what might happen in their next life. Some people may be worried about their family when they are taking very long.

May God care for the people who are sick and are close to death, may you give them hope Amen.

Jamil
